Introduction

The Candidate Information Bulletin (CIB) is intended to help you to prepare and to understand the processes and procedures for applying for licensure and for scheduling your examination(s). The Virginia Board for Barbers and Cosmetology (the “Board”) is responsible for licensing and regulating the profession of Nail Technology in the Commonwealth of Virginia. The Board has contracted with Professional Credential Services (“PCS”) to provide administrative examination services. The Board, through PCS, will exclusively use the National-Interstate Council of State Boards of Cosmetology (“NIC”) examinations. PCS first requires that candidates create an account and then submit an online Examination and License Application (“Application”). This is required to determine your eligibility for testing. Any questions regarding your application or eligibility should be directed to PCS. The Board will have the final authority to approve the issuance of a license.

State Licensure Requirements

In order to receive a Nail Technician license in the Commonwealth of Virginia, you must pass both a NIC Theory and Practical examination within one year of the date of your first examination. You must also meet ONE of the following requirements:

1. Completion of an approved nail technician training program in a Virginia licensed nail technician school or a Virginia public school nail technician program approved by the Virginia Department of Education. **Required Documentation:** Completed Training and Experience Verification Form, which you can download from PCS’ website, complete as directed and upload to your PCS account.

2. Successful completion of 150 hours of nail technician training which is substantially equivalent to the Virginia program that is obtained outside of the Commonwealth of Virginia, but within the United States and its territories. **Required Documentation:** Upload to your PCS account your diploma, official school transcript or written verification from the Licensing Board in the State where the 150 hours were received, any of which should indicate that you successfully completed 150 hours of instruction.

3. Completion of a substantially equivalent nail technician course (consisting of less than 150 hours of training) and six months of nail technician work experience. Both training and experience must be obtained outside the Commonwealth of Virginia, but within the United States and its territories. **Required Documentation:** Upload to your PCS account your certificate, diploma or other documentation verifying successful completion of the Nail Technician course AND a completed Training and Experience Verification Form, which you can download from PCS’ website and complete as directed.

4. Completion of the Virginia apprenticeship program in nail care. **Required Documentation:** A completed Department of Labor and Industry Form available from your apprenticeship representative. The original form must be mailed directly to PCS. Copies will not be accepted.
5. Nail Technician training obtained in any Virginia State Institution. **Required Info:** Please be prepared to enter your VA Nail Technician License # and Expiration Date on your Examination and License application. **Required Documentation:** Completed Training and Experience Verification Form, which you can download from PCS’ website, complete as directed and upload to your PCS account.

6. Applying to take the Nail Tech **Instructor** examination. **Required Info:** Please be prepared to enter your VA Nail Tech License # and Expiration Date on your Examination and License application.

7. Previously licensed in Virginia by examination and past the reinstatement period (two years or more since your previous license expired). **Required Documentation:** PCS will obtain Verification from the Virginia Board for Barbers and Cosmetology.

8. Endorsement applicant required to complete the Virginia Examination. **Required Documentation:** PCS will obtain Verification from the Virginia Board for Barbers and Cosmetology.

You can expect the temporary permit to be issued approximately five days following approval to take the exam. Temporary Permits are issued only once and are valid for 45 days following the date of your initial examination.

Any Candidate that has a conviction as an adult must indicate this on their application and submit a Criminal Conviction Reporting Form and a State Police Report requested within the last 3 months by uploading to their home page. Juvenile convictions do not need to be reported on the application.

General Examination Policies

Security Policy

Suspected security breaches during either the theory or practical test administrations, such as an act of impersonation, creating a disturbance, giving or receiving unauthorized information or aiding other candidates, attempting to remove test information by any means, possessing prohibited materials or sharing supplies may be sufficient cause to dismiss you from the examination site or to invalidate or cancel your scores. Suspected breaches may be identified by observation or suspicion by the test center staff, or may be evidenced by subsequent statistical analysis of examination materials. PCS reserves the right to investigate each incident of misconduct and your actions will be reported directly to the Board and to NIC. The Board will make all final decisions on examination score invalidations or cancellations.

No visitors, guests or children are allowed in the test center.

Copyrighted Examination Questions

All test questions are the express copyrighted property of NIC. It is forbidden under federal copyright law to copy, reproduce, record, distribute or display these test questions by any means, in whole or in part. Doing so may subject you to severe civil and criminal penalties, including prison incarceration and/or fined up to $250,000 for criminal violations.

Prohibited Items

No food, beverages, purses, notebooks, magazines, backpacks, briefcases, hats, caps, reference books or electronic devices such as cameras, computers or computerized devices, iPods, radios, recording devices, portable fax machines, cellular telephones, calculator watches, reproduction equipment allowed. Smoking or the use of tobacco are strictly prohibited in the examination room. Failure to comply with any of these conditions will result in you being dismissed immediately, and your actions reported to the proper authorities. PCS is not responsible for any personal items brought to the examination site.

Environmental Distracters

Although every attempt is made to provide a quiet and comfortable test environment, noise and room temperature may be an unforeseen and unavoidable distracter. It is suggested that you wear the type of clothing that would allow you to adapt to a cooler or warmer climate at the testing site.
Examination Results

Score Notices
An official score notice will be emailed to you at least 10 business days after your examination date. An unofficial pass or fail notice will be provided to you by Prometric after you take the theory examination. If you do not receive your score within this time frame, you may print a score notice by logging into your PCS account.

State Score Requirements
The minimum score required to pass both the theory and practical examination is 75. If you fail an examination, PCS will provide a strengths and weakness report (located at bottom of score notice) and information on how to re-apply online. Once you pass both the theory and practical examination, you will receive a Notice of Completion, and a Licensure Fee Notice, which will need to be submitted to the DPOR prior to your license being issued.

State Score Requirements
Once all required examinations have been passed, a final review of your application will be performed in order to ensure that all eligibility documents are complete before your materials are sent to the Virginia Department of Professional and Occupational Regulation (DPOR) for the issuance of your license.

In Virginia, you must take and pass both the theory and practical examinations within one year of the date of your first scheduled examination. Failure to accomplish this will result in your having to start over as a first-time candidate. In addition, if, after application is made, and you take longer than one year to attempt to schedule any examination, you will forfeit all fees and be required to apply as a first-time candidate, even if your application was approved the first time you applied.
